

## Alexandria Gazette

FRIDAY EVENING, JAN. 25, 1907.

## Local Matters.

## Sun and Tide Table.

Sun rises tomorrow at 7:11 a. m. and sets at 5:14 p. m. High water at 5:47 a. m. and 6:52 p. m.

## Weather Probabilities.

For this section rain or snow and colder tonight. Saturday fair, colder; fresh southwest to northwest winds.

## Preparing for the 22nd.

Preparations for the suitable observance of George Washington's Birthday are now being made, and although there will be no street parade on the 22nd proximo, other features incident to the anniversary will, it is believed, prove equally interesting.

On the morning of the twenty-second, at 11 o'clock services will be held at Christ Church under the auspices of Mr. Vernon Chapter, D. A. R. A patriotic programme will be given, and the collection taken up will be used to ward paying the expenses of restoring old Pohick Church. The Daughters of the District of Columbia have been invited to attend the service.

The George Washington Birthday Association which is working diligently to make the affair a success will give a banquet in the afternoon at which several prominent gentlemen will make speeches. There will be band concerts at different points during the day, decorations, &c., which will impart a holiday aspect to the day.

Alexandria-Washington Lodge of Masons will as usual follow their custom of celebrating Washington's birthday. A banquet will be given at their lodge room at which a number of addresses will be made. Dr. T. B. Cochran, master of the lodge, and his committee have the affair in charge. Senator Towne, Congressman Flood, Judge Duke and others are expected to be present and respond to toasts.

## Benediction of New Chancel.

A most impressive service of benediction for the new choir and chancel given by Bishop Potter, of New York, was held in the chapel of the Theological Seminary, near this city, at eleven o'clock this morning. A special form of service authorized by Bishop Gibson was used, consisting of a psalm read responsively as the procession of bishops and clergy moved up the choir to the chancel, and special prayers with the prayer of benediction, read by Bishop Gibson standing. The acknowledgment of the gift of the new choir and chancel at the hands of Bishop Potter, followed by the recital of memorials presented with a list of the other contributors was read by Professor Wallis, and after the service addresses were made by Bishop Gibson on behalf of the board of trustees and by Dean Crawford on behalf of the faculty, followed by a reply from Bishop Potter. All the addresses were listened to with much interest. At the conclusion of the addresses there was a celebration of the holy communion by Bishops Gibson and Potter.

Among those present were Bishops Satterlee, of Washington, Burton, of Lexington, Ky., and Strange, of East Carolina. Bishop Potter was accompanied by Mrs. Potter. A number of clergy from Washington and the neighboring country were present.

## Fall of Trolley Wire.

The electric railway trolley wire at the intersection of King and Royal streets fell last night and, it is said, narrowly escaped striking a little girl who was passing at the time. This species of accident some time ago was almost a daily occurrence, but the electric railway company substituted a new trolley wire and placed it in a more substantial position. It was then supposed that there would be no more collapses. Since the new station has been constructed on Royal street, near Prince, heavy cables have been placed in position. Every safeguard should be used to prevent these from falling, as well as the trolley.

## Meeting of Grand Lodge.

The one hundred and twenty-ninth annual communication of the Grand Lodge of Masons of Virginia will be held in Masonic Temple, in Richmond, February 12th, 13th and 14th. The station officers of every lodge in the State are delegates ex-officio and among those who expect to attend are the officers of the two lodges of this city. Should Capt. K. Kemper, of Alexandria, the present Grand Master, not stand for re-election, Deputy Grand Master S. J. Quinn, of Fredericksburg, will more than likely be his successor.

The Grand Lodge of Masons meets annually in the Temple in Richmond.

## Fire Warden.

A meeting of the Board of Fire Wardens was held last night, at which considerable routine business was transacted. All the paid-men in the employ of the fire department were re-elected to the positions they now occupy.

A communication was received from eleven officers of the board to install telephones or alarm bells in their residences for convenience when fires break out. The board took no action in the matter, as they have no funds at their disposal to devote to such a purpose.

## Vagaries of the Weather.

All weather records for this year were broken yesterday morning at 7 o'clock, when the mercury in this city stood at 14°. Outside the city it was still lower. Not since February 6 of last year had it been as cold in this vicinity. The mercury kept well down in the twenties all day. This morning at 7 o'clock it stood at 28°. Colder weather is indicated for tomorrow.

## Property Sales.

Mr. Robert Elliott has sold to Mr. H. Kirk, jr., a house and lot on the south side of King street, between Henry and Fairfax.

Mr. Humphrey R. Wagar has transferred to the Wagar Land Company the property in this city known as the Braddock House at the southeast corner of Fairfax and Cameron streets.

## Intercepted by a Negro.

A few nights ago while a lady was walking on Fairfax street, between Duke and Wolfe, she was held up by a negro who took hold of her arm. Her outcry caused the negro to run away. The incident was immediately reported to the station house and the policemen made unsuccessful efforts to find the darky.

## Personal.

The Gazette will be pleased to receive items, such as engagements, weddings, parties, teas and other news of personal interest for the "personal" column. The items should be indorsed with the name and address of the sender—not for publication, but as a matter of good faith.

Mrs. Henrietta Irving Bolton's very interesting address to the Girl's Friendly Society of Christ Church last evening was greatly enjoyed. After the address refreshments were served, and those who attended the meeting as well as the members of the society had an opportunity to meet Mr. Bolton socially.

Mr. James P. Hall left Tuesday for the Hot Springs, Arkansas, to be gone several weeks.

Mr. Bernard A. Harrett and Miss Lucy Frances Lyles were married on Monday evening at the parsonage of the M. E. Church South, by Rev. C. D. Bulla.

Mr. Frank R. Fisher, of New York, who has been visiting his sister, Mrs. Thomas A. Fisher, of Washington, left for his home today.

Miss Wilhelmina Frances Schneider, daughter of Mrs. Christian Schneider, and Mr. George Henry Fisher, of Washington, were married Wednesday evening at the home of bride, No. 1645 New Jersey avenue, northwest, in the presence of the families and friends of the young couple. Rev. Paul C. Menzel, of the Concordia Lutheran Church, performed the ceremony. The groom is the Washington ticket agent of the ferry line between this city and Washington.

Mr. Chas. H. Cash and Miss Olesia P. Minkin will be married tonight by Rev. C. D. Bulla.

## A Testimonial for Mr. Bangs.

The New York Tribune of today says: Frank C. Bangs, the veteran actor, now more than seventy years old, will never act again. In September Mr. Bangs was struck by an express van while crossing Sixth avenue and knocked down, his thigh being broken. As a result he is permanently crippled. A number of managers met yesterday at the Belasco Theatre to take the first steps toward organizing a testimonial performance for Mr. Bangs. February 19 was set as the date and the Casino as the place for the performance. Mr. Bangs is a native of this city and is well remembered by the old citizens of Alexandria.

## Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning:

Neal Myers, colored, arrested by Officer Ferguson charged with being drunk and disorderly, was dismissed.

George Shirley, colored, arrested by Officers Knight and Arrington charged with assaulting and beating Maggie Allen, was fined \$10 or given 30 days in jail.

A young white man, arrested by Officer Roberts charged with assaulting a colored man, was dismissed, it having been shown that the plaintiff was the aggressor.

## Auction Sale Tomorrow.

Mr. Samuel H. Lunt, auctioneer, will offer for sale for Mr. John W. May, trustee, at public auction at eleven o'clock a. m. tomorrow, in front of the Royal street entrance to the City Hall, a lot with the buildings and improvements thereon on the south side of King street, between Washington and St. Asaph streets. This is valuable King street property and has been a well-known place of business for many years.

## For the Penitentiary.

Guard Smith, from the Richmond penitentiary, arrived here today from Fairfax with Wm. Davis, colored, in custody, whom he placed in the station house until this evening when he will conduct him to the penitentiary. Davis was recently convicted of horse stealing in the Circuit Court for Fairfax and sentenced to the penitentiary for five years.

## Opera House.

The May Hillman Stock Company last night at the Opera House presented "A Wife's Sacrifice," a society drama in four acts. The play was decidedly the best that the Hillman Company has ever produced. The cast of the part of Mark Cross was cleverly portrayed by George Rosner while the part of Sir John Harding was in the capable hands of Ira Herring. Miss Hillman played the part of Lady Harding in graceful and excellent manner, while Miss Frankie Rarl was fine. The part of Simian Strong was handled in a very clever manner by Jack McKight. The other members of the cast were equally as good. Tonight the attraction will be "Flood Tide," a melodrama of unusual interest and full of startling climaxes. The attraction at the matinee tomorrow afternoon at 2:30 o'clock will be "The Little Dutchess."

During the play last night some annoyance was caused by a man in the audience talking in a loud voice to those on the stage, and the performers had to stop several times. There was, as usual, several policemen present, but the officers of the law made no effort to arrest the offender. Such things frequently happen, not some of the policemen to do their duty. The patrons of the shows are there to see the performance and this annoyance to them should be stopped at once.

## LOCAL OBITUARIES.

The Alexandria German Club will give another dance at McBurney's Hall, Francis Lee, infant son of Mr. Francis L. and Mrs. Annie R. Stuart, died at his parents' home in this city Wednesday.

It was reported today that a wreck had occurred in the new Potomac yards, north of this city. It appears that in shifting cars a head light on a locomotive was broken which gave rise to the report.

It was reported on the street today that train No. 31 on the Southern Railway ran into a car standing on the track at Monroe last night and that four of the passenger cars were damaged. The railway officials here say they have received no report of any such accident.

## COURT OF APPEALS.

The Court of Appeals yesterday handed down several opinions, among them being the labor-agent case from the Corporation Court of the city of Danville, the first case of the kind to arise under the revised tax laws. The opinion was written by Judge Whittle. The writ of error is to a judgment convicting the plaintiff in error, Albert Watts, of conducting business as a labor agent in that city without license. The judgment of the lower court, which imposed a heavy fine on the Nave Ryan Curtis Company, chartered under the corporation laws of the State of Ohio and duly licensed to conduct the business of general contractors in this State, is reversed.

Other opinions handed down yesterday were as follows:

Downman, rector of All Saints Church, performed the ceremony. Miss Roberta Ashby Smith, the bride's debutante sister, was maid of honor. ## STERN REBUKE FOR CADETS.

At dress parade at the Virginia Military Institute yesterday afternoon was published the order containing the findings of the board of visitors reinstating the 74 members of the third-class dismissed on January 8 by the superintendent for insubordinate regulations, the execution of which order was suspended until it could be reviewed by the board of visitors, which also considered the application of the cadets for reinstatement. The order declares "the charges made against the said cadets have been fully proved and established not only by evidence, but by admission. In making the order of dismissal the superintendent discharged his duty and had no election under the regulations to act otherwise than as he did, and his action is fully approved. Nevertheless, it appearing to the board from the evidence that many and probably most of the said cadets did not fully appreciate the meaning of their action and did not intend to defy authority, but were misled into participating in this violation of the regulations by a few of their associates, who acted with the evil design of involving a large number of their classmates in similar troubles to those already impending over them, and thus to shield themselves so far as practicable from the obloquy probably attaching to their own prior discreditable conduct, and it further appearing to the board, greatly to its regret, impracticable to obtain the evidence by which to ascertain certainly the names of these evil-minded ring-leaders, the board considering all conditions is unwilling to impose the extreme penalty of dismissal upon all the cadets named, but deems it proper that suitable penalties be imposed. Therefore, it is ordered by the board that the order of January 8, 1907, be so modified as to remit the penalty of dismissal, and that in lieu thereof the following penalties be imposed upon the cadets:

"First—That each of the cadets be confined to the limits of the post until the end of the present season, and that each of said cadets be given 20 penalty tours.

"Second—That each of the cadets is permitted to remain a cadet only upon strict probation as to his conduct in every respect during the remainder of the present season, and that failure in duty on the part of any one of them in this respect shall be forthwith followed by dismissal.

"Third—That Cadet Corporal C. W. Stevens shall be reduced to ranks for willful neglect of duty."

## WILL NOT SUBPOENA BAILEY.

The Texas legislature has settled down to tangible work on the investigation of the charges filed with the committee against Senator Bailey by Representative Cooke.

The prosecution yesterday afternoon demanded that subpoenas be issued for Senator Bailey. The committee refused the request, considering that to comply would be an indignity to Senator Bailey, as he has had promised that he would be on hand when needed. An effort to have him called to the stand as the first witnesses also failed, as it was declared that this would be placing him in the light of aiding the prosecution.

Gen. Crane, of Dallas, has reached Austin to assist the anti-Bailey men in the examination of witnesses. Former Secretary of State Hardy, who issued the permit for the Waters-Pierce Company, is present as a witness for Senator Bailey.

The legislative investigating committee hearing the charges against Senator Bailey held a secret session yesterday.

Acting under authority granted him by the Texas anti-trust law, County Attorney Brady late Wednesday had H. Naudin, one of the auditors of the Waters-Pierce Oil Company, at St. Louis, who is in Austin, brought before Judge J. D. Moore, justice of the peace, in order to have him testify as to the authenticity of documentary evidence held by the State in connection with the Waters-Pierce Oil Company, and which will be used in the forthcoming anti-trust suits against the company.

The testimony is now playing a prominent part in the investigation of Senator Joseph W. Bailey by the legislative committee.

Mr. Naudin's evidence is said to have established that various vouchers and other documents in the possession of the Attorney General of Texas are not forged and have not been altered, but are correct records of the alleged transactions between the Waters-Pierce Oil Company, Senator Bailey and others.
